

Free Chamber Service often overlooked by members

The Chamber's very own website at www.shrcci.com allows us to display your website address and link it right to your own site. As long as you have an e-mail address or a website we automatically allow our visitors on our site a link to yours. Make sure your website and e-mail address is on file with our office. This is a FREE benefit. Our site averages over 160,000 hits a month! Don't miss out on a possible referral or a new customer by not taking advantage of this service.

We are constantly working on it so it is refreshed on a regular basis. It includes the most up to date benefit programs, photos of events and ribbon cuttings, helpful links, our member directory and much more. I'm sure you will find it very easy to navigate and will enjoy the much brighter and cleaner look. One of the nice features on our site is a map to your business. It will highlight your location with a star and have the ability to zoom in and out and click on your map and be able to find you right away. Potential customers will see your site, click on your personal map and be able to find your location quickly and accurately. Visit our member Directory now to check your listing and call the office with any changes you might need.
